

INTERPRETIVE BUSH WALK

adventure on foot

Discover a different side of Africa when you experience it on foot, just as the first explorers did. An interpretive bush walk is a unique physical, mental and spiritual adventure through nature. Experience the sights, smells and sounds of the Namibian bush by joining one of our leisurely early morning walks, accompanied by one of our experienced, armed field guides. Our interpretive walks bring you closer to nature by revealing the finer details of the natural environment.

ACTIVITY

- Departure: Please check with reception for the current departure time as it varies according to the season
- On this interactive activity, you are guided by one of our experienced field guides
- Each walking safari begins with a comprehensive safety briefing, during which your guide will explain how to behave when encountering wildlife on foot
- Learn about spoor identification, insects, birds and small mammals
- Discover the diverse vegetation that sustains life throughout the reserve
- Duration approximately 1.5 – 2 hours

- This activity is not strenuous, but a basic level of health and walking ability is required
- Suggested clothing: Closed walking shoes and neutral-coloured clothing are recommended
- Bush Breakfast can be added to the Interpretive Bush Walk at an additional cost

DETAILS

- Minimum 2 people
- Maximum 6 people
- No children under 16 years
- Water is provided during the walk

RESERVATION

This activity must be booked in advance before 19h00 the previous evening.
