

ONGUMA SUNRISE DRIVE

the start of a new day...

The Sunrise Drive takes place in Onguma Nature Reserve, which consists of 35 970 ha of wildlife. Bordering Etosha National Park, it hosts a healthy wildlife population. Our guides, who will accompany you on your safari adventure, are passionate, experienced and well-trained.

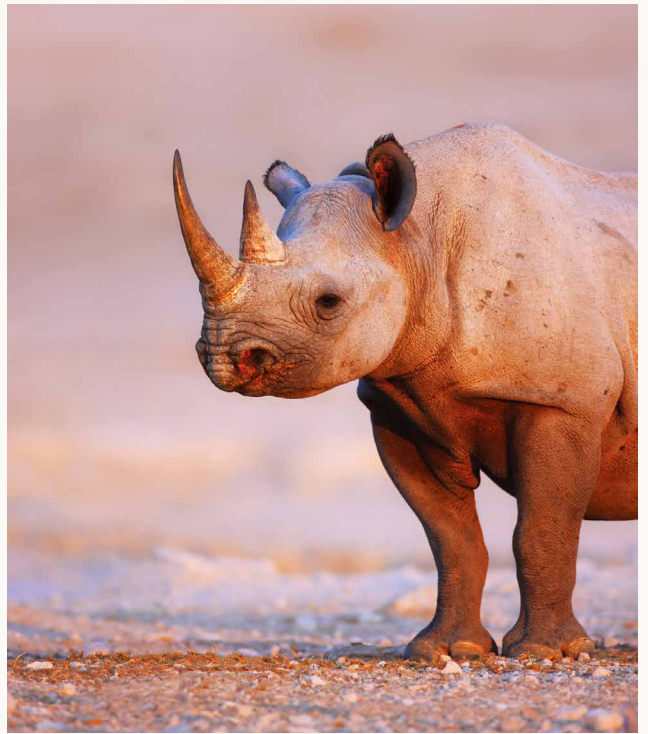

Enjoy the sunrise on this drive while having coffee and snacks in the middle of the Namibian wilderness. Watch as the bush comes to life and start tracking animals using the fresh footprints they left the night before.

ACTIVITY

- Join us on a sunrise nature drive on the Onguma Reserve where our expert guides will explain the many intricacies of the bush
- Departure: Please check with your guide for the current departure time as it varies according to the season. You will return in time for breakfast
- Duration approximately 3 hours

DETAILS

- No children under 7 years
- Snacks and drinks are provided during the activity

ONGUMA SUNDOWNER DRIVE

sunset in the wilderness

The Sundowner Drive takes place in Onguma Nature Reserve, which consists of 35 970 ha of wildlife. Bordering Etosha National Park, it hosts a healthy wildlife population. Our guides, who will accompany you on your safari adventure, are passionate, experienced and well-trained.

Enjoy your late afternoon on this drive while having a drink and snacks in the middle of the Namibian wilderness. Watch the sun set in a spectacular array of colours, painting the sky in shades of orange and pink as Fischer's Pan swallows the African sun.

ACTIVITY

- Join us on an afternoon sunset nature drive on the Onguma Reserve where our expert guides will explain the many intricacies of the bush
- Departure: Please check with your guide for the current departure time as it varies according to the season. You will return in time for dinner
- Enjoy a selection of alcoholic beverages, soft drinks and snacks while seeing the sun go down
- Duration approximately 3 hours

DETAILS

- No children under 7 years
- Snacks and drinks are provided during the activity

ETOSHA MORNING GAME DRIVE

an African adventure

Departing from Onguma after a hearty breakfast, you will take part in a journey into the world-famous Etosha National Park, as a new day in the African wilderness begins. Being one of the first people to enter the park that morning, you will explore the eastern part of the 22 750 km² wildlife sanctuary with one of our knowledgeable field guides and have a good chance of encountering four of the Big Five at a waterhole or in the bush.

Etosha, meaning 'place of dry waters', refers to a flat calcrete depression (or pan) of about 5 000 km². The 'pan' (overlooked by the Onguma Nature Reserve) provides a great parched, silver-white backdrop of shimmering mirages to an area of semi-arid savannah grassland and thorn scrub. The pan itself contains water only after very good rains and sometimes for only a few days each year, but is enough to stimulate the growth of blue-green algae which draws thousands of flamingos.

Etosha is home to roughly 114 species of mammals, including elephant, lion, leopard, cheetah, black and white rhino, giraffe, zebra, and numerous antelope species, amongst others.

ACTIVITY

- The drive takes guests into Etosha National Park in the morning and is led by our experienced guides, in open-sided vehicles
- Departure: Please check with your guide for the current departure time as it varies according to the season. You will return in time for lunch
- A stop is made mid-morning at one of the picnic sites in Etosha for a light snack and refreshment break
- Duration approximately 4 hours

DETAILS

- No children under 7 years
- Snacks and drinks are provided during the activity

ETOSHA AFTERNOON GAME DRIVE

safari in style

Departing from Onguma after a midday rest and lunch, you will take part in a journey into the world-famous Etosha National Park, as the day starts to wind down in the African wilderness. You will explore the eastern part of the 22 750 km² wildlife sanctuary with one of our knowledgeable field guides and have a good chance of encountering four of the Big Five at a waterhole or in the bush.

Etosha, meaning 'place of dry waters', refers to a flat calcrete depression (or pan) of about 5 000 km². The 'pan' (overlooked by the Onguma Nature Reserve) provides a great parched, silver-white backdrop of shimmering mirages to an area of semi-arid savannah grassland and thorn scrub. The pan itself contains water only after very good rains and sometimes for only a few days each year, but is enough to stimulate the growth of blue-green algae which draws thousands of flamingos.

Etosha is home to roughly 114 species of mammals, including elephant, lion, leopard, cheetah, black and white rhino, giraffe, zebra, and numerous antelope species, amongst others.

ACTIVITY

- The drive takes guests into Etosha National Park in the afternoon and is led by our experienced guides, in open-sided vehicles
- Departure: Please check with your guide for the current departure time as it varies according to the season. You will return back to the lodge around sunset when the park closes.
- A stop is made at one of the picnic sites in Etosha for a light snack and refreshment break
- Duration approximately 3.5 – 4 hours

DETAILS

- No children under 7 years
- Snacks and drinks are provided during the activity
